

TeleMate Pro™

Modular Telehealth Cart

Simple Virtual Care!

The TeleMate Pro™ was designed specifically for providing virtual Healthcare in a post-COVID-19 world. This battery-powered modular cart is designed to run 24/7 without ever being plugged in. Providing care where and when you need it for virtual doctor visits, virtual rounding and for family visitation.

Simple - Adaptable - Affordable

Ergonomic and Hands Free

Focus on what really matters to you – communication, care, and connection with patients using virtual technology hands-free in any environment.

Modular and Mobile

Pioneer TeleMate Pro™ can be easily configured to suit any telehealth application with: Medical Grade AIO, Hot Swappable Batteries, Camera, Microphone and Speakers.

Medical Grade Tough

Ruggedized, anti-microbial housings, screens that can withstand millions of touches and fully sealed to protect from dust and liquid spills. Pioneer technology is specifically designed for a long life in Healthcare.

Cost Effective

All the results with a fraction of the cost. TeleMate Pro™ will provide a full telehealth experience at a fraction of the cost offered by other companies.
