

TeleMate Pro-2™

Modular Telemedicine Cart

Simple Virtual Care!

The TeleMate Pro-2™ was designed specifically for providing telemedicine in a post-COVID-19 world. This battery-powered modular telemedicine cart is designed to run 24/7 without ever being plugged in. Providing care where and when you need it for Patient Examination and Clinical Assessment.

Simple - Adaptable - Affordable

Ergonomic and Hands Free

Focus on what really matters to you – communication, care and connection with patients using virtual technology hands-free in any environment.

Modular and Mobile

Pioneer TeleMate Pro-2™ can be easily configured to suit any telemedicine application, includes Medical Grade AIO, Hot Swappable Batteries, Worksurface, adjustable Keyboard Tray, Medical Grade Keyboard and Mouse, Drawers, Camera, Microphone, and Speakers.

Medical Grade Tough

Pioneer Touchscreen Computers are ruggedized offer, anti-microbial housings, screens that can withstand millions of touches and fully sealed to protect from dust and liquid spills. Pioneer technology is specifically designed for a long life in Healthcare.

Cost Effective

All the results with a fraction of the cost. TeleMate Pro-2™ will provide a full telemedicine experience at a fraction of the cost offered by other companies.
